Crowe Valley Conservation Authority Flood Watch Statement

Crowe Valley Conservation Authority (CVCA) - Flood Watch

CVCA has issued a [Flood Watch](#) for the entire Crowe Valley watershed. The most recent measurement for Belmont Lake was this morning (May 7 AM) @ 187.56, which is +47 cm / 18" over the set summer level. This is an increase of 21 cm / 8" from Friday. The watershed received 35mm of rain on Friday (measured) and likely a similar amount on Saturday, with a little bit of snow (!!) this morning.

The Federation of Ontario Cottagers' Associations (FOCA) has also issued a bulletin to all members: See [FOCA - Special Notice - Flooding](#) or head to the FOCA website at www.foca.on.ca

BLCA recommends that all of our members subscribe to [FOCA's "elerts" emails](#). FOCA sends these out monthly during the summer months, and occasionally in the spring and fall as needed. We also recommend joining the Crowe Valley newsletter, found on the lower-right side of the CVCA website at www.crowevalley.com

CVCA Web Site (Water Levels):

<http://www.crowevalley.com/waterlevels.html>

Your BLCA Board of Directors,

Peter White (President), Katherine Deas, Larry Pick, Greg Alexander, Evan Meyers, Brian Deas, Donna Peeling and Wendy Vuyk
